

Dear parents and students,

This year has been absolutely amazing. The success we have seen in the program this year is a testament to the hard work and dedication of the kids and parents. We also understand the urging of parents, staff, students, administration, and Bands of America to pursue the possibility of attending Grand Nationals this year. After lengthy discussion and much deliberation we are happy to announce we would like to go to Grand Nationals. There will be a lot of logistics to coordinate to make this happen. The directors and staff are all in and we need parents and students to be as well. If there are conflicts we need to be made aware of those ASAP. We will be releasing a schedule for the remaining 3 weeks of practice post FL. We definitely need all students present as they have been all year to continue the success that we have achieved at to put our best foot forward on the biggest of national stages. This is an exciting year and an exciting time. We are proud of everything the kids have achieved. Nationals should be a celebration of a great year and one more chance to perform a great show.

Thank you,

Jereme Frey
Band Director
